Physician Shot; Wife Says: 'I am to Blame!' RATHER GUARDS BOY

Paster's Son, Held for Attack on Vermont Man, Out on Bail.

Young Frank W. Turner, who shot and dangerously wounded Dr. Charles W. Ray in a midnight domestic tragedy at Chittenden, Vermont, reached the home of his father, Rev. W. S. Turner, in Middlebury, today, after being held in \$5,000, and expressed the hope that he would get out of the town with a slight penalty.

While the young man, who was employed as chauffeur for Dr. Ray, told the attorney of the shooting and what led up to it, the father, Dr. Turner, who is a physician, said that he would do everything in his power to bring it to a close. He said that he would do everything in his power to bring it to a close. He said that he would do everything in his power to bring it to a close.

CONGRESS ROUSED TO ACT ON CONGO HORROR

AMERICAN'S EXPOSURE STIRS WASHINGTON TO NEEDS OF SITUATION.

By Boston American. Dec. 11.—Never before have the authorities at Washington been so quickly aroused to determined activity as they have as a result of the exposure of the Congo outrage, and the fact that King Leopold, having a finger-pull in the Congo, is now being exposed as a tyrant and a villain. PRESIDENT ROOSEVELT SENDS SPECIAL MESSAGE TO CONGRESS ON ISLAND'S AFFAIRS.

WASHINGTON, Dec. 11.—President Roosevelt, in a special message on Porto Rico to Congress today, urges a law admitting the island citizens to naturalization as American citizens. After a brief review of the prosperous condition of the country, its beauty, fertile and resources, as impressed upon his mind during his recent visit there, President Roosevelt says: "There is a matter to which I wish to call your special attention, and that is the desirability of conferring full American citizenship upon the people of Porto Rico."

Progress in Self-Government.
 "Under the wise administration of the present Governor and council marked progress has been made in the difficult matter of granting to the people of the island the largest measure of self-government that can with safety be given at the present time. It would have been a very serious mistake to have gone any farther than we have already gone in this direction. The Porto Ricans have complete and absolute autonomy in all their self-governed affairs, and the only power over their government by the United States is in the matter of foreign affairs and in the matter of the island's defense."

Prize for Administration.
 In short, the Governor and Council are commended for the way in which they have managed the island's affairs. The President says that the Porto Ricans are doing well, and that the United States is proud of them. He says that the Porto Ricans are doing well, and that the United States is proud of them.

Fitzgerald After Tour of City Issues Statement Declaring That Many Regular Republicans Are Voting for Mrs. Duff. Women Show Great Interest in Contest.

Heavy voting marked the Boston city election today up to the last hour. An unusually large number of women cast their ballots in the three-cornered fight for the School Board position.

Mayor Fitzgerald, after a tour of the wards this afternoon, declared that many Republicans were voting for Mrs. Julia E. Duff for the School Board to embarrass the City Hall administration, which is friendly to David A. Ellis. The Mayor said: "In many of the wards Republicans are voting for Mrs. Duff in the hope that it will embarrass the Democratic organization. This, of course, applies only to the practical Republican politicians who are not interested in Mr. Ellis and who believe that by voting for Mrs. Duff our party organization will be discredited."

Mrs. Julia E. Duff voted at ten minutes of nine this morning. In company with her husband she left her home in Tremont square, Charlestown, and after a mile walk reached the voting booth at the Wood street, near the corner of South Street. Ward 1. Ward 1. Ward 1.

KNIFE IS WURLED AT LUCKY BIKE RIDERS

ATTEMPT TO INJURE SOME OF THE CONTESTANTS IN THE SIX-DAY RACE.

Special to the Boston American. MADISON SQUARE GARDEN, New York, Dec. 11.—As the clock struck ten this afternoon a cheer came from the crowd, for Johnny Radford and Butch Floyd McFarland's team, forced ahead in the front. Their lead was only temporary, however, for Boston, fresh from a two hours' rest, again took the lead. As he shot to the front, something flashed in the air, which had been hurled from the gallery on the Twenty-ninth street side of the garden. It narrowly missed Radford and Floyd, who were pressing forward closely, and fell among the spectators in the arena.

The music proved to be a mere diversion, and the crowd, which had been kept in a state of excitement, now began to relax. The police were kept busy in the arena, and the crowd was kept in a state of excitement.

**MRS. LANGTRY
THE FEATURE
IN KEITH RUI**

No matter who may ask "where are the roses of yesterday," the "Jersey Lily" of yesterday is here today. Some of the petals are gone, the coloring is a little faded and the delicate contour, the matchless poise, the stately grace which characterized it when in the full glory of its youthful bloom is still its charm.

The "Jersey Lily," Mrs. Langtry, returned to Boston yesterday, being the chief attraction of the day.

With two very clever actors, she presents a unique playlet, "Between the Nightfall and the Light."

It is strong, intense, direct, and while it gives her no opportunity for heroics

Mrs. Langtry is impressive by her repression of the emotions. She acts as a restraint, but it is not so, rather than as a stage wife would act. Those who expect ranting, raving and tearing of hair will, therefore, be disappointed. Those who appreciate strong and clever acting will be greatly pleased.

There are many favorites on the bill. The Finney duo are one of the most interesting and difficult singing stunts ever seen in a theatre; the Williams trio, of course, had an audience number. Willy, the young man continues his impersonations, and the Sisters Meredith are singers who can sing; dancers who can dance and their number deserves its many encores.

WIFE'S QUICK WIT ENABLED BOBBY WALTHOUR
TO COUPLE WITH JOHN BEDELL IN SIX-DAY RACE

BY ARTHUR MITCHELL.

NEW YORK, Dec. 11.—The National League of Professional Baseball Clubs has its annual meeting to-day at the Victoria Hotel, and while the magnates were discussing their affairs various managers and players were busy with the press and lobby and talked over the deals they would make.

So the way of deals there are many that are being worked out. One of the most important is the proposed merger of the two leagues. In this category George H. Roney, the new president of the American League, and Jimmy Fennelly, his manager, are to be reckoned. They are working with the American League and the National League, consisting of the Cardinals, the Cubs, the Pirates, the Braves and the Dodgers, and the Boston Red Sox, who have been patronized so extensively by the American League that they are citizens of Ypsilanti, Mich. This is probably the deal that the money over-registrars of the Waldorf Astoria are working on.

Boston cash, and for this matter, Sox, are to be sold to the American League for \$500,000. The veteran Boston mob usually gets a share of the money. The Sox are on present trip they are the guests of Mr. Roney, who is to go down to them.

Dever to Give Roney

Walthour is confident that he and Bedell will soon regain the lap lost through accidents to their former partners.

three old Pittsburg players on some sort of an easy-levy. Though, with the persistence of a Roosevelt or a Storer, it is not known there is any money in the Boston Nationals except the cash supplied by Mr. Dovey, not a few well-informed baseball men believe that both Dreyfus and Garry Herrman of Cincinnati have a financial interest in the deal whereby Soxlet and Cantant disposed of their holdings to Mr. Dovey.

It is even said they were led to make the investment in order that John T. each might be National.

But as another hour wound around, it looks as if the Boston Brahms will be able to strengthen the voting power in National Convention. The Boston Brahms are:

• Pulliam, who will be re-elected by a vote of 99 to 1.

• George Clark, who is on hand with all his money.

• The Boston Brahms are trying to pull through a plan to elect Pulliam for a term of five years, in order that the annual election will be avoided.

Naturally Fred Tenney had a word to talk. Murphy hinted that he would like to see Pulliam elected, but he said he would not have any hand in it. He said he would not have any hand in it. He said he would not have any hand in it.

"The Boston club is out to strengthen Pulliam's position," said Murphy. "I don't think we can improve on my making a statement that Pulliam is a man who will be made to be made in the Boston grounds. I don't think we can improve on my making a statement that Pulliam is a man who will be made to be made in the Boston grounds."

After the league meeting, Davey and Murphy went to the Boston grounds, and after a short time, they were seen to leave. They were seen to leave. They were seen to leave.

and in a shrewd business man.

LOS ANGELES, Cal., Dec. 11. "Fifth
dolphin" Jack O'Brien has accepted an
offer to do a boxing stunt on the stage
and wishes to have his engagement for the
last night.

It is necessary, however, that an opera
house manager should be present. The man-
agers have ordered him to abandon all en-
gagements for a week or more.

There is somewhat exaggerated over-
estimating the position of O'Brien with
the pictures of his fight, but the theatrical
engagement for the last night is well
settled. O'Brien may be fast or a rest.
He says he will not think or talk of any fight-
ing offers for several days. Informed in his last
battle, and will require careful watching
and attention.

SMALLEY WON DECIDING GAME OF BILLIARDS

64 Smalley won the final and deciding
 game. Class B billiard tournament
 2 Hub rooms last night, beating R. A.
 Oman, who was tied with him at the end
 of the regular list of games, 200 to 186.
 Oman started off like a professional and
 won the first 10 games, but then Smalley
 and the fifth inning Oman led 26 to 1, and
 at the tenth inning the score was 76
 to 28 in Oman's favor. Oman held his own
 right along and in the twentieth inning
 85, his lead being 41.
 65 He had been off, never say, late, patient
 waiting game, and after the fourth inning
 began to creep up slowly, although it didn't
 help him much. He was 100 to 100, and
 he tied Oman at 184. Then it was Oman
 who was off, and Smalley took 100 to 100
 pages and then another and then finally
 Smalley made a good catch and ran out
 the game.

IN NOV

Two New York bowlers recently signed an agreement to bowl a match series of fifty "ten pin" games. The match will require more physical endurance than if they were to play a game of football. The fifty games will equal 500 frames or innings, or each bowler is supposing that in three frames the bowler can make 100 strikes, and 370 spares, in which the ball is deflected by the pins. The bowler will have to throw the ball down the alley no less than 300 times.

A regulation bowling ball weighs six to ten pounds. When bowled at 300 times the total weight lifted will be 14,400 pounds, or in other words, 72 times of 200 pounds. To win the game you have to win six or

to eight hours. Figured as seven hours it will be seen that the horses handle the weight of nearly seven tons, at the rate of a ton an hour, or 20 pounds per foot of horse length. It is plain, therefore, against a 200-pound giant every ten minutes for seven hours? In selecting the best horse for the job, the trainer will walk over two miles. Pls boys are the best after all. It estimated that they could do an extra work of 75% of the contestants. They could not walk more than 100 yards without stopping, and their tails were shorter than those of the other horses. They would have to stop the plus no less than 7,000 times on each mile. A sound horse man selected, in accomplishing the feat, it is not probable that it will be very quickly duplicated after the fact. The first pair will undoubtedly have.

lysis early in the project would suggest that a sweeping alteration had been made in some of the rules which would have been the basis of the design, whereby the boat originally named in the advertisement would have been replaced. (Congratulations will be due to Sir Thomas if he has been successful in obtaining such concession from the New York Yacht Club, while perhaps out in these columns—does not necessarily mean that the influence of craft has been lost. I doubt our designer has as difficult a task set him as has ever had to be faced by a designer. The New York Yacht Club tests will be as far off as ever from having any beneficial influence on the sport in this country.

Be wise in the selection of your hours for shopping. If possible, do it in the morning, before the great crowds throng the retail district. ALWAYS try to get through and go home before the evening rush, so that you will not be subjected to the annoyance of a subway or elevated crush, and be obliged either to hang to a strap all the way home or accept a seat from some tired-out mechanic.

All the salesbooks fill quickly at the time of Christmas shopping—that of the cheerful, patient, helpful clerk the most quickly of all.

This is ONE of the things we must do to conquer OURSELVES, and we are told on the highest authorities that he who can do that is greater than he who taketh a city.

Why not bring out early the real cause of the present famine now spreading throughout Eastern and Southeastern Russia? Thus far, all the cable dispatches state merely that it is due to a failure of the crops.

People have made a failure those of the landed nobles are as good as always. Back to the failure of the crops is the fact that the peasants are compelled to harvest the nobles' harvests first. When they get to their own they are spoiled.
